LA FAMIGLIA ACQUA

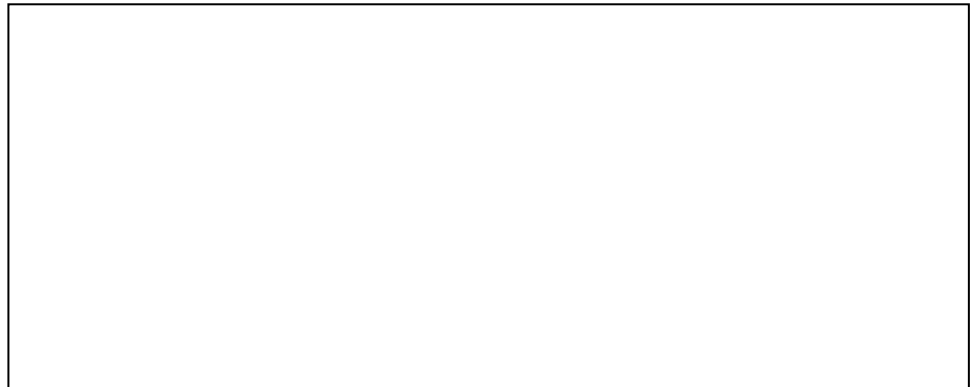

L'**acqua** ha diversi figlioli, i più monello è **acquazzone**, . Una persona seria è **acquedotto**, che distribuisce acqua nelle case dei paesi e delle città. **Acquario** invece gioca volentieri con i pesci, mentre **acquaio** fa pulizia in cucina. In famiglia c'è anche un pittore: **acquerello**, che usa i pennelli da mattina a sera. La più piccina di tutti è **acquolina**, che sta sempre col naso incollato alle pasticcerie. La famiglia acqua è fortunata perchè non soffre la sete.
