

Completa le catene numeriche sapendo che:

$\square = +9$ $\triangle = -6$

Esempio: $33 \xrightarrow{\square} 42 \xrightarrow{\triangle} 36 \xrightarrow{\square} 45 \xrightarrow{\triangle} 39$

$63 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$15 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$43 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$51 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$30 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$29 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$
