

Completa le catene numeriche sapendo che:

$\square = +10$        $\triangle = -9$

*Esempio:*  $10 \xrightarrow{\square} 20 \xrightarrow{\triangle} 11 \xrightarrow{\square} 21 \xrightarrow{\triangle} 12$

$44 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$36 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$23 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$11 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$67 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$

$19 \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square \xrightarrow{\triangle} \square = \dots$
