Hi! I'm Lilly and I live with my family in a big house. I'm 11 and I have a younger brother, Tom. He's 8.

My mum is a nurse, she works in a hospital. She works a lot, usually at night. She doesn't have enough time to do the housework so my dad often helps her and he likes it!

He works in a bank. He arrives home after 4 pm so he can do a lot of things in the house.

Every evening he cooks the dinner. Mum prepares the food and dad finishes it. My brother and I help him. We set the table. After dinner dad washes up and I help him to dry the dishes. Then we have a shower or bath and dad reads us tales or short stories.

In the mornings mum arrives and makes the breakfast. Tom and I make our beds. Dad takes us to school by car.

On Mondays we clean all the house. I dust the furniture and dad vacuums the floor. Tom takes the rubbish out and waters the plants. Dad likes cleaning the windows but he hates ironing. He never does it. My grandma comes to us twice a week and she irons our clothes.

Three times a week mum does the washing and I help her to hang out the clothes.

On Fridays I tidy my room.

At the weekends - when mum doesn't work - we wash the car together and dad mows the lawn. We all like gardening. Some people think that my father is a strange man but I think it is very nice from dad to help at home and mum loves him a lot!
